*The economic theory that women should always work for less, or better, for free

Girlfriends tackling economics together helps!

We've had enough EconoMansplaining!

Exactly! It doesn't have to be this way!

*WOMEN WERE THE FIRST PROPERTY

At the foundation of every so-called “civilization” and its accumulated wealth, you find women’s reproductive powers held by force, law, religion and custom as wives, concubines, and slaves.

How can women know they are no longer property?

1. Property has no need for **EDUCATION!**
2. Property has no need for **ASSETS & INCOME!**
3. Property has no need to **VOTE! or RUN!**

EconoMan is an attitude.

Rate of inflation

When Money Talks in a Female Voice....

Families and home are not a “separate sphere,” or the “informal” economy. They’re the “foundational economy.”

When Money Talks in a Female Voice....

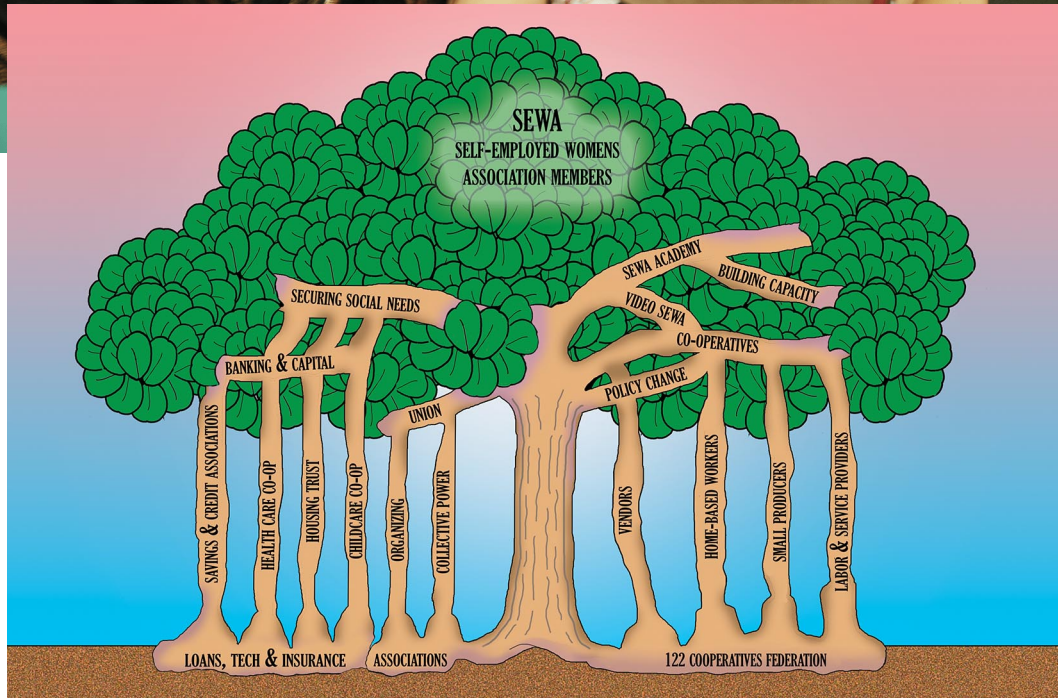

Workers are not company or corporate “costs,” but “assets”—not property, but investors, stakeholders, and co-operative owners.

When Money Talks in a Female Voice...

Currency and wealth needn't be scarce, and you, too, can own a bank!

When Money Talks in a Female Voice...

We can stop waging economics as war, and start waging life.
